COURSE OVERVIEW

This course focuses not only on skills and techniques but also on the mindset for the facilitator towards becoming an Agile Coach. It includes group facilitation tools and techniques to effectively design meetings and workshops that engage and drive toward agreed-upon outcomes. In this class, you will develop an appreciation for the art of facilitation as key to fostering collaboration and enabling self-organizing teams.

This course has been approved by ICAgile to award students the Certified Professional in Agile Team Facilitation (ICP-ATF) upon successful completion of the course.
