Core Competencies

In the face of accelerating change, it is critical for government agencies and public sector entities to embrace innovation, agility and secure and efficient technology implementation to transform and more rapidly meet the needs of their citizens. Cprime is a global consulting firm helping transforming businesses and is the partner of choice for Fortune 100 companies and 40+ Government agencies (and affiliated Public Sector companies) looking to achieve value and agility. With our key partnership recognitions, including Atlassian Platinum, AWS Advanced, and SAFe Gold partner, our industry-leading software and services work in synergy to deliver transformations.

Cprime offers consulting services that meet highly rigorous and regulated agency demands to help you achieve your digital transformation goals. From building high performing, multi-vendor agile teams and programs, guiding you to agile contracting solutions, launching your programs and planning and delivering the value citizens need, Cprime partners with you in a result-driven

cprime

engagement to help you navigate the procurement process and achieve streamlined, cross-functional collaboration to meet the needs of your teams and constituents.

As an Atlassian Approved Government Platinum Solution Provider, Cprime leverages this robust product suite to modernize your legacy systems, optimize your business processes and provide secure, compliant environments. From creating a common platform, to automating and speeding help desk resolution across teams and departments, and quickly capturing, organizing, storing and disseminating information and knowledge across your agency, our Atlassian solutions let you create powerful, transformative applications, at scale. We offer product licensing, managed services and managed hosting, and custom development across the entire Atlassian product suite.

Cprime offers you a catalog of 200+ certifications (including DoD-approved certifications through GSA schedule 70 and MOBIS Schedule 874), with reduced pricing for all levels of government customers and flexible procurement options. We train individuals and teams to successfully navigate the complexities of government project/program management, contract management and strategy execution. All our courses can be adapted for any environment requirements for your in-person, online or via e-learning delivery methods.

Differentiators

- The only authorized government GSA Contract holder to maintain the following key partnership credentials within one consulting agency:
    - Atlassian Platinum Partner
    - SAFe SPCT Gold Partner
    - AWS Advanced Consulting Partner
- Unique partnerships with many SBA's that are either 8A, SDVOSB or VOSB
- 325+ Coaches/Consultants available with diverse skill sets
- Participate on DHS SEAD ($300 M. BPA for Agile Transformation)
- 800+ training courses (200+ certification courses) that can be delivered in person, live online, or via e-learning methods in an LMS
