

GenAI-Powered Development

Accelerate efficiency and double development power with CodeBoost™

Does this sound familiar?

- Feature delivery lacks speed and fails to accelerate
- Inefficiencies cause delays in code releases
- Development teams invest excessive time in unplanned, non-strategic tasks
- Outdated practices compromise code quality
- Unsatisfactory pace of tech adoption

You're not alone. These common challenges stifle innovation in every industry and development scenario.

Why consider GenAI-powered Development with CodeBoost™?

Modern tools with the right enablement

CodeBoost™ Solutions pair Cprime's OptiPrimeAI™ technology and the GitHub's Copilot with expert training and ongoing support for measured improvement.

Guaranteed results and rapid roll out

Achieve a 100% quantifiable efficiency gain for development teams against measurable data and benchmarks in less than 10 weeks

Flexible hosting options for ironclad security

Flexible and hassle free architecture can be hosted on your infrastructure or ours, cloud or private

Unlock efficiency and quality in development

Cut project timelines in half with AI assistance while ensuring high-quality, maintainable code with fewer bugs and post-deployment issues

Tailored for Dev Teams

Designed for teams seeking rapid development cycles, organizations prioritizing high-quality code, companies aiming for tech agility, and development groups focused on up-skilling

Why Choose Cprime?

- **Industry-leading expertise trusted by Fortune 500 tech leaders**

Our team brings deep knowledge and experience in both AI and DevOps

- **Customized Solutions**

We tailor CodeBoost™ Solutions to fit the unique needs of your team - the AI will not be generic; it will be tailored to your use case and environment

- **Proven Results**

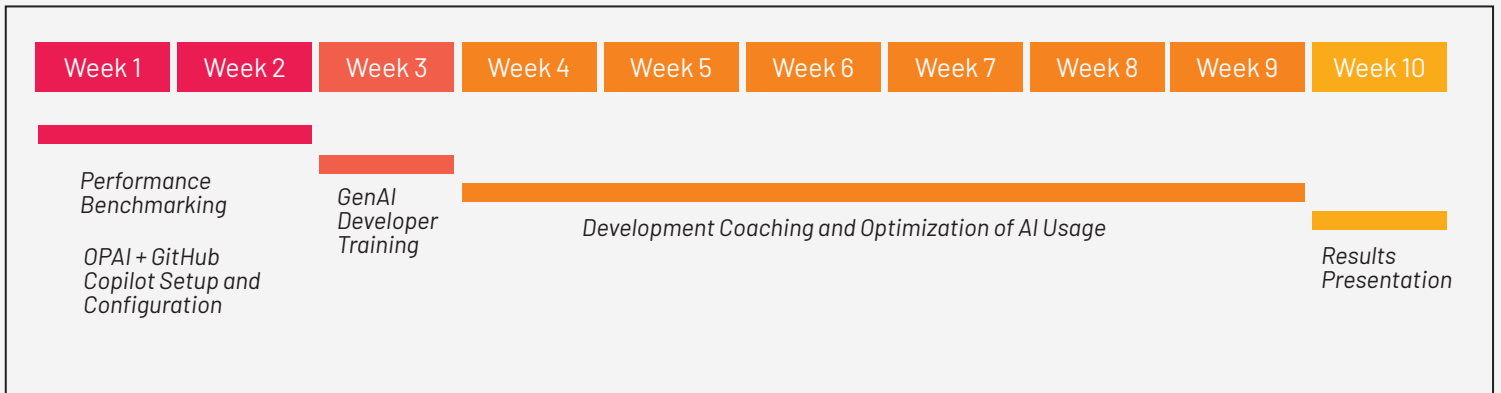

Clients see a 100% increase in productivity after implementing our solutions

- **Ongoing Support**

We provide continuous guidance to ensure long-term success and adaptation to evolving challenges.

CodeBoost™ Proof of Concept Timeline

A roadmap to quantifiable efficiency gain in less than 10 weeks

Ready to double developer efficiency?

Embrace the future of coding with CodeBoost™ Solutions. Contact Cprime to transform the way your developers write code.
